Okehampton Town Council

Treasury & Investment Policy and Strategy

1. Policy Background

- 1.1 Okehampton Town Council's treasury and investment policy and its associated strategy are conducted in accordance with:
- i) The Local Government Act 2003 (the Act) and supporting regulations. This requires the Council to prepare an Annual Investment Strategy which sets out the Council's policies for managing its investments and for giving priority to the security and liquidity of those investments.
 - ii) The statutory guidance on local government investments (issued subsequent to the Act) which requires the production of an Annual Investment Strategy and gives guidance on how this should be completed.
- 1.2 It is uncommon for a town council to hold investments other than in the form of easily accessible bank deposits or other short-term savings accounts. These are often used to maximise income from cash balances during the financial year.
- 1.3 The legislation and associated guidance is optional for parish councils where investments are not expected to exceed £100,000 and no action is required below £10,000. However, for Councils where the sums involved exceed £100,000, the guidance is mandatory.
